**OKLAHOMA**

Aquaculture is the controlled cultivation and harvest of aquatic plants and animals. Aquaculture is one of the fastest growing forms of agriculture in the United States. The aquaculture industry is well established in Kansas and is important to the state's economy. It consists of private individuals in the business of producing fishes for food.

This directory was compiled by the Kansas Aquaculture Association. It lists members with fishes for sale to the public and who provide fish production-related services. In Kansas, fishes purchased from a private fish producer and stocked into private ponds or lakes are not subject to state regulations. This gives pond or lake owners freedom to manage and harvest fishes as they see fit.

This directory is organized by county. It lists addresses, phone numbers, email addresses, and websites of fish producers in each county in Kansas, and producers who are members of the association from neighboring states, along with services they provide and fish species for sale.

The codes for the fish sizes are:

- fr = fry or fingerling
- st = pond and lake stockers
- fd = food size
- br = breeder stock

**KAA MEMBERS IN KANSAS**  
(listed by counties)

**CHAUTAUQUA COUNTY**

**AAA Ranch**  
Carlol Sladek  
P.O. Box 505  
Cedar Vale, KS 67024

**Services:**

- Tanks
- Plumbing
- Filters
- Pumps
- Liners

**Fish:** ▪ Work in progress

**WHO WE ARE**

The Kansas Aquaculture Association had its beginning in 1964 when a group of interested fish farmers got together and formed the Kansas Commercial Fish Growers Association. Their primary concerns were to encourage development of the aquaculture industry in Kansas and to eliminate unnecessary restrictions regarding private fish culture in the state.

Our organization plan revolves around a Board of Directors elected by the membership. We are incorporated in the State of Kansas and are affiliated with the North Central Regional Aquaculture Center.

**Officers**

**President** - Dr. Jim Triplett  
**Vice President** - Charlie Wallace  
**Secretary/Treasurer** - Bart Hettenbach

**Board Members**

Mark Arn  
 James Carr  
 Wes Fleming  
 Kelly Hartley

**Technical and Research Information**

Charles Lee, Wildlife Specialist  
 Kansas State University Research and Extension  
 131 Call Hall, 1530 Mid-Campus Drive  
 Manhattan, KS 66506 785-532-5734

**OUR MISSION**

- Promote, encourage, and facilitate the growing, sales, and consumption of fishes and other aquaculture commodities.
- Improve the quality and efficiency of producing and marketing of fishes and other aquaculture commodities.
- Encourage the elimination of controls and requirements that are unnecessary and wasteful to industry.
- Promote integrity and ethical dealings in the promotion and sales of high quality products and services.
- Promote interaction among members through mutual support and discussion of ideas.
- Transfer information through annual meetings and occasional newsletters

**MEMBERSHIP APPLICATION**

If you have are interested in any phase of fish culture an would like to interact with other who share this interest, you are invited to join the Kansas Aquaculture Association for \$25/year.
