Primary Resource Concern- A
-A Fish and Wildlife—Declining Species, Species of Concern (Lesser Prairie–
                     Chicken [LEPC])
 Á
 Eligible Land Uses– A

    Grazed Range, Pasture, Crop

 Á
 Additional Requirements for this Category– Á

    Enrolled pasture consisting of a single species or tame grass will be required

                    to be restored to a plant community with species diversity to benefit LEPC. A

    Enrolled crop must be established to permanent perennial herbaceous

                     vegetation. A
-A No state issue points will be awarded to any applicant who has had a
                     cancelled or terminated Environmental Quality Incentives Program (EQIP)
                     contract in the past. A

    A grazing management plan to benefit the LEPC will be required. A

    Must be in designated eligible area (see map).

- The application is ineligible if the offered area scores zero on more than one of
                    the first three questions of the Kansas Natural Resources Conservation
                     Service (NRCS) Prairie–Chicken Assessment (Kansas Biology Technical
                     Note 36)
